APPAREL AND TEXTILE PRODUCTION AND DESIGN

UPDATED MAY 2023

MODULE DESCRIPTION

This module introduces students to the ways in which needs, wants, cultures, traditions, and situations impact apparel and textile decisions. Through hands-on experiences, students will develop skills for the selection, construction, care, and repair of clothing and accessory it Students will explore how clothing communicates personal style and identify appropriate clothing items for roles in various setr68 (a)14 (ppr)1UD (tr(c) . a stain removal laboratory. Have students create common stains on a variety of textiles. Treat the stains with home-prepared stain removal alternatives and evaluate the results. Consider the question of costs to the environment from discarding textiles when stain removal techniques are not tried or are unsuccessful.
