Our legal department has reviewed the RFP and there a few items they would like the ability to revise or to negotiate mutually acceptable terms in the State of New York Agreement Section IV (Indemnification), Appendix A Section 10 (Records) to the agency's ability to audit books and records), Appendix A Safeguards for Services and Confidentiality, and Appendix R Data Security and Privacy (40 CFR 101.11.6 (k)) provide direction as to how these potential exceptions should be addressed in our proposal response?
